(Continued from First Pages

of the loud clock in the open space beyond his cell in the sing sing Prison death-house marked a borrowed moment of lite for him after the bells of the wilage over the hill had but Loppy seld very little.

W. Edgerton, chapter of the sing sing turned, in just the right state of intextication prison, visited the goodned man at 8.30. They had a long and serious talk with him. An old quarrel about their daughter was resulted to the right state of intextication prison. They had a long and serious talk with him. An old quarrel about their daughter was resulted to the right state of intextication prison. tolled the middight hour and the knell of the departing Sunday.

He made no shot of a desire to contess his departing Sunday.

About to check Loppo came down to the crime, and the good men emerged from the room of Mrs. Tille Weinert. He seemed to

wiry, nervous little man, and a brute when dismal, quite fit for an electrocution.

understood as the climax to a quick temper seene were warned not to cross an imaginary and nervous disposition like his. But in dead line that ran close up to the wall which prison, Loppy, veteran of four years' service marks the further side of the street.

Loppy lying on the floor, with her head near the dialog-room table. She was dead, and while Mrs. Weinert was there Loppy put a bomb throwing, and is very cable.

carnest words of Chaplain Sidney G. Law, of arrangements was complete. the Tombs Prison, had knelt with the good man in prayer and had diligently and with a pathetic earnestness read the little Testa-ment which his old friend brought to him, the wife-murderer still stoutly dealed that he 10 o'clock last evening.

mal. Now and again he paused as if to listen. But there was an awful stillness then. Even the breathing of Treza, Cotto and Melivaine, his fellow-prisoners in the death-house was missed, for they had been removed to the other or new half of the death-house just across the hallway through which Loppy must so soon pass to the chair of death.

Opposite the prison upon the heighis to the east dark figures could be descried. Sing villagers, who displayed so little curl-osity at the time of the quarruple electrocu-osity at the time of the quarruple electrocu-

ions of July, were making up for it now. One of the most interesting things to the office in New York as required by law. villagers was THE EVENING WORLD'S branch office on the prison grounds. They entered

the little old house and inspected the re-

porters and telegraph operators with much interest.
AUnight the facade of the prison looked like a grand checker-board, the lights from the 1,160 windows in the cell wings and the dark | dynamo engine-house chimney is beiching walls between marking the squares.

MEDICAL EXPERTS ARRIVE. Hugh Dimon, the guard who has been oppy's day watch ever since he was brought | tion that the electrocution of Loppy is not far to Sin, Sing, was relieved yesterday by the off.

death watch, Baxter and McClain. During the evening the electrical experts. nedical men and scientists who were to see details after Loppy is placed in the chair. the taking of Loppy's life began to arrive. The first to arrive was Prof. Louis H. Laudy, of Columbia College. He is the elec-

trical expert and he made careful tests of the death-dealing machinery last night.

passing vessels on the river sounded their ARMED GUARDS ON THE DEATH LINE. About the big prison the gloom is oppres

sive. Guards, in enveloping gum overcoats and carrying guns, paced up and down the something, and it is not likely that the eleccinder path in front of the prison. They were day morning. Warden Brown's daughters left the prison | 11.45 a. m. - it is as quiet as an ordinary
